Lawn Irrigation Maintenance Plan

(Commercial)

Monthly Service Plan Includes

Details:

- Checking the controller time/date, correct watering days according to your specific municipality and restrictions, adjusting the watering run times and start times by seasons, replacing back up batteries when needed.

- Checking solenoid and wire continuity -Cleaning clogged nozzles and straightening sprinkler heads

- Checking for leaks, broken pipes and broken sprinkler heads -
Cleaning filters (if any) on reclaim and well water lines.

*Any repairs needed outside of the agreement will be billed in 15 minute increments at \$80/hr, plus material. A written estimate will be presented for approval prior to completing repairs in excess of \$500.

*A 30 day written notice is required from either party to terminate agreement. Maintenance plan does not include cleaning lake points (baskets).

Customer Agreement
